

Keep What Makes it Home...

To some, it may seem like a broken brooch, a loose button, or some other item to be tossed.

But to you, it is a symbol of a timeless love from times past and it is more valuable to you than anything else. We understand.

Your Smooth Transitions team has the tools to help you and your family decide what they wish to keep, recycle, donate, sell, and – most importantly – move to the new home. We then work with you to make all of that possible.

The Smooth Transitions Denver Story

It all starts with a desire to do great work and serve our customers and communities.

Smooth Transitions Denver owners Mike and Michelle Gallagher purchased the business in early 2017 after searching over a year to find a company that made an impact in people's lives. Now, after doing hundreds of moves and helping people through the sometimes difficult process of a move we are more grateful than ever to be an advocate, advisor, and support system for all of our customers. Our mission is to serve, and our goal is 100% customer satisfaction.

Our staff is made up of caring professionals who are committed to provide the very best service to our customers. We work together often and have a great team.

"Hi Mike, I just wanted to say thank you to you and your team for all you did to get my mother moved yesterday. Your service is invaluable and you provide it in a top notch manner." JB

When It is Time to Make a Move...

Every situation and family is different. At Smooth Transitions, we are here to help you navigate this difficult move as smoothly as possible. Whether you just need direction for you and your family to do it yourselves, or you need the complete solution provided by our professionals, we are here for you.

Moving can be very difficult for you and your family. The stress of deciding and sorting what to keep, sell, donate, or recycle, changing utilities, packing, coordinating the move, unpacking, readying the house for sale, selling valuables, donating items, finding a Realtor, selecting lawyers, and more. All of it can be overwhelming.

It doesn't have to be that way. Smooth Transitions provides the peace of mind that a compassionate professional is there every step of the way, coordinating everything with the same personal attention and care that you and your family would give.
